Christmas parade is Dec. 2
The Eighth Annual Belle Glade Chamber of Commerce Christmas Parade will be coming up on Saturday, Dec. 2, beginning at 10 a.m.

The chamber invites all members of the community to participate by entering a float, decorated vehicle, or marching unit. Prizes will be awarded for first, second, and third place for each of those categories. All entries are urged to reflect the theme, "The Songs of the Season".

Reserve your place in the parade by calling the chamber at 896-2745.

G.C.I. turkey shoot
Employees at Glades Correctional Institution are planning a turkey shoot at the G.C.I. Training Building on S.R. 80 on Saturday, Dec. 9 from 10 a.m. to 4 p.m. The cost is \$1 per shot and anyone who does not have a shotgun will be provided one. Everyone is invited to attend.

Methodist Church plans Christmas Cantata
The Chancel Choir of Community United Methodist Church of Belle Glade will present their Christmas Cantata entitled "Wonderful Counselor", on Dec. 17 at 7:30 p.m. The arrangement is by John Purifoy and it is directed by Carol Schmidt.

There will be featured soloists and speakers Carol Schmidt, Milton Carpenter, Charles Wilson, Gene Hollingsworth, and Jamie Creaman. Accompaniment will be by the Bell Choir, under the direction of Becky Watson, and piano accompaniment by Karen Corbin.

Rev. Don McMillan invites the community to attend this free Christmas musical. The church is located at 401 S.W. First Street, Belle Glade.

Turkey shoot Dec. 6 & 7
The Belle Glade Rotary Club is sponsoring a turkey shoot on Wednesday, Dec. 6 and Thursday, Dec. 7 from 5 to 10 p.m. The shoot will be held next to Flotation Tire on N.W. Avenue 1, Belle Glade. For a small fee participants can try to win turkeys and a chance on a Browning .22 LR Auto-rifle.

Meeting on Magnet Schools planned
Parents interested in having a say in Magnet Schools in the Glades are urged to attend a planning meeting on Dec. 5 at 7 p.m. at Glades Central High School in the media center. For more information call the school board at 998-4900.

Holiday display set
Elementary schools and Headstart program children are invited to participate in the City of Belle Glade's Christmas tree decorating project. Students will decorate trees which will then be lit up on Friday, Dec. 1, at 6 p.m. in front of the Belle Glade Municipal Library.

At that time there will also be carol singing and selections from a vocal ensemble from the Glades. Members of the community are invited to attend the event to issue in the holiday season.

Time to put up the Christmas decorations...City of Belle Glade employees have been working this week putting up the holiday display in front of the Belle Glade Municipal Library. Holding the wooden soldier is Maggie Sallee. Using the staple gun to attach garland is Lucinda Hood.

City votes to refinance bonds; moves ahead on business park

By Brenda Bunting
Editor

Voting to cancel the next Belle Glade City Commission meeting made sense Monday night since the next meeting date is Christmas day. Commissioners voted unanimously to cancel the meeting but discussed the possibility of a special meeting to discuss bond refinancing.

The city will be refinancing some 1986 revenue bonds to pay for water system improvements of \$2,700,000. This figure includes two new ground storage facilities.

The project will also include North Main Street sewer work and \$70,000 for a line to the proposed Business Park near the airport. City Manager Lomar Harrelle said \$35,000 will be used to replace old water lines on Wedgworth and Linda Roads.

The Business Park came one

step closer to reality recently when the Palm Beach County Legislative Delegation voted to assist the city in efforts to acquire State Improvement Trust Fund land at their Nov. 8 meeting.

The city is working with the Business Development Board of Palm Beach County, and Mayor Steve Weeks said several businesses have expressed a desire to move to this area, but the city has no large parcels of land available for commercial development.

The city has applied for acquisition of the 106 acres of land near the airport and has requested a 99-year lease from the state. They authorized the engineering firm of Barker, Osha, and Anderson, Inc. to do soil testing and a Phase I Environmental Report for the proposed site at a

cost not to exceed \$5,500.

In other business before the commission Monday night, commissioners voted to permit the Belle Glade Rotary Club to hold a turkey shoot Wednesday, Dec. 6 and Thursday, Dec. 7, next to Flotation Tire on Avenue 1. The event will be from 5 to 10 p.m. both evenings.

Waiting for those barricades to come down...Workers can finally be seen making improvement on Main Street in Belle Glade after a lull where not much seemed to be getting done. City officials were told the road would be finished two-weeks ago and the barricades would be removed. We're all still waiting. Shown in the grader is Mike Eagle and standing is Carl Martin.

Pahokee Parks and Recreation Department receives accolades

Pahokee Parks and Recreation Director Ron Osborne spoke at the Pahokee City Commission meeting held Tuesday, Nov. 28, with an update of the youth programs that have been held this year and with future ideas that are being planned for the youth of the communities.

Pahokee's Christmas programs will start Dec. 18-29. The programs will basically consist of field trips; like movies, bowling, skating, volleyball, basketball, etc.

Feedback from the Belle Glade and South Bay communities show that the communities would like to collaborate these youth programs together in reference to the basketball program.

Director Ron Osborne welcomed this idea by saying, "We are happy to combine the communities together because it is always a positive."

The youth football program, the PAL program, accommodated approximately 60 youths from the area this year and Pahokee began registration for the basketball

program Nov. 27. The anticipated enrollment is 120 children, possibly more.

The program was complimented by the City Commission for all of its work helping the youth.

"We used to be a drop off site but now we are getting a lot more parent participation in the activities also," said Director Ron Osborne.

"I really appreciate the job that you coaches are doing down there. Probably one of the best decisions the commission has made in the city is to open that recreational center," said City Commissioner Pete Moore.

"There are not many cities that have a recreational center as good as that one. We are making 100% use of it and we are proud of it. It is keeping an awful lot of kids off of the streets," he added.

If anyone has questions regarding the Pahokee Parks and Recreation activities, feel free to contact Ron Osborne at 924-2972 or leave a message at the Pahokee City Hall.

Harley club gives food to local needy families

By Brenda Bunting
Editor

Harley owners sometimes get a bad rap. Movies portray them as hard-hearted, tattoo-toting rebels, better known for fighting and drinking than doing good deeds.

Well, last week a Palm Beach County "HOG" group proved they care about others after they donated meals to two local families in need. The Palm Beach Harley Owners Group (H.O.G.) donated meals to a local foster home owned by Ethel Edwards at 698 S.W. 9th Street, Belle Glade. They also donated food to Clara Washington of Belle Glade who lost all her food during a burglary on Nov. 18. Clara Washington was surprised when Belle Glade Officers Eddie Lindor and Sgt. Jim Love delivered the food. There was so much donated that Officer Tim Horton volunteered his truck for the deliveries.

And who says bikers don't have a heart?

District representatives discuss Lake Okeechobee management and restoration at conference in Japan

They may be thousands of miles apart but the similarities between Lake Okeechobee and two lakes in Asia prompted the government of Japan to invite three representatives from the South Florida Water Management District to the Sixth Annual Conference on the Conservation and Management of Lakes held Oct. 23-27 in Tsukuba, Japan.

Sharing district information on Lake Okeechobee research were Executive Director Samuel E. Poole III, Dr. Nick Aumen, Director of the Okeechobee Systems Research Division, and Dr. Karl Havens of the Okeechobee Systems Research Division.

For them, the highlight of the trip was a post-conference workshop on similarities between Lake Okeechobee, Lake Kasumigaura (Japan), and East Lake (China). The lakes are large, shallow, and impacted by agriculture and other human-related activities. But there are some dramatic differences in the degree of eutrophication (pollution by nutrients such as phosphorus that leads to algae blooms and fish kills) between the three lakes.

There also are differences in the way the lakes are managed. For example, Lake Kasumigaura suffers from year-round algal blooms. The primary focus of restoration efforts has been the development of in-lake engineering solutions such as sediment

dredging. East Lake is less eutrophic and when stocked with Silver Carp fish, respond dramatically with lower algal levels. Lake Okeechobee has the lowest frequency of algal blooms of the three, say district officials.

District restoration efforts have occurred in the watershed north of the lake where implementation of Best Management Practices (BMPs) and a buy out of 19 dairy farms decreased inflows into the lake of phosphorus-laden runoff.

The importance of the conference was summed up by Executive Director Mr. Poole who said, "The opportunities to interact and share information is essential because more than 90 percent of the key research on shallow lakes is done outside the United States, particularly in Europe and Asia. The Japanese are more advanced than us in some aspects of lake research, and we are more advanced than they are in lake ecosystem modeling and the control of pollutants at the source."

The participants also got a first-hand look at a state-of-the-art dredging ship that rapidly removes phosphorus-laden lake sediments with minimal impact on water quality.

Weeks presents arthritis program

Mary Weeks, R.N., director of nursing at Glades General Hospital, recently completed a training workshop in Tampa to teach the Arthritis Foundation's "Living Daily With Arthritis" program.

Following her training, she offered a free three hour program on Nov. 18 at the First Baptist Church in Belle Glade for those suffering from arthritis.

The Arthritis Foundation, Mid East Branch, which serves a seven county area including the Glades, offers free lectures, water and land based exercises,

es, brochures, support and study groups and supports four free clinics for the medically indigent.

Over 40 million Americans must cope daily with arthritis symptoms, from minor pain to total disability. About half that number are self-diagnosed and think nothing can be done to help.

Arthritis and its 100 associated diseases are not diseases of only the elderly, says Mrs. Weeks. Rheumatoid arthritis and fibromyalgia usually strikes people between the ages of 20 and 50, and about

250,000 children have some form of arthritis. Arthritis can affect anyone, regardless of social or financial status, sex, age or national origin.

"Living Daily With Arthritis" is one of the education programs developed by the Arthritis Foundation to improve the quality of life for individuals, families and care givers who must cope with arthritis.

Participants receive up-to-date information on every day management of arthritis including stress management, pain control, and helpful exercises.

News from the Dolly Hand Cultural Arts Center and Palm Beach Community College

By Maria Wise Miller

Christmas and the holiday season are just around the corner. The children are trying to be on their best behavior. Friends and families are making plans to share good company, food and gifts.

This week, the Glades area celebrates the beginning of the holidays with the popular Living Christmas Tree program. The

first show is on Saturday, Dec. 2 at 7 p.m. followed by the matinee show on Sunday, Dec. 3 at 3 p.m.

Under the direction of Carol Schmidt and Becky Watson, this chordal program features some great musical numbers. Both adult and children's choirs have some special surprises for this year's show.

"We have a great group working on this unique and special project and every year the show gets better and better," said Living Christmas Tree committee chair Clarice Davis. Master of

Ceremonies for this year's Living Christmas Tree is Homer Hand.

Tickets are still available for both shows from the Dolly Hand Cultural Arts Center box office Monday through Thursday from 10 a.m. to 4 p.m. or call 992-6160 for more information.

In addition, tickets can be purchased before each show. The box office will open at 5 p.m. for the Saturday evening performance and at 1 p.m. for the Sunday afternoon performance.

Truly a gift to the community, don't miss this very special show.

Some of our most famous storms were nor'easters

By Mike Lyons

Benjamin Franklin was excited. It was October 21, 1743. The date Franklin would see his first lunar eclipse. Mother Nature, however, had other plans. A powerful storm

spoiled the view-whipping Philadelphia with gusty nor'easterly winds and hefty rains.

Yet, Ben's brother in Boston was able to see the eclipse. Boston got hit by the same storm but it came hours later. How could this be, wondered Ben. How could a storm move northeastward, against its own winds?

Ben went to work to find the answer. What he discovered is one of the fundamentals of meteorology - a storm's winds rotate - counterclockwise. Franklin had also made another discovery with his October storm, he had witnessed a

nor'easter.

Sometimes called winter's hurricanes, a nor'easter is a powerful storm that produces damaging winds, heavy rains, big snows and widespread beach erosion along the Atlantic seaboard. Nor'easters are most common from November until March. A five month season where up to 30 storms can develop.

While these storms primarily affect the northeastern coast of the United States, sometimes nor'easters have an impact on our weather. Remember the Halloween storm of 1991?

This brute produced 70 mph

winds in New England and generated seas over 100 feet high off the coast of Massachusetts. Over one thousand miles of coastline, from Maine to Florida, suffered beach erosion.

The mighty surf not only eroded our beaches, it destroyed many man-made objects. The venerable Lake Worth pier was smashed to pieces. So was the sea wall on fashionable Worth Avenue in Palm Beach. Once the winds had died down the temperature followed: Record lows were set all over the area. Mother Nature had played a nasty Halloween trick on all of us.

Still, we had it easy compared to our neighbors to the North. The Halloween storm raged for five days flooding thousands of homes in New England causing millions of dollars in property damage.

Some of the most famous storms in our history were nor'easters. The Blizzard of 1888 was a nor'easter - a storm so big it shut down New York City. The snow was 20 feet high in Manhattan reaching the second stories of many buildings. Four hundred people died.

Most big nor'easters were born off the coast of Cape Hatteras, North Carolina. The warm waters of the Gulf Stream interacting with a strong polar jet stream create these coastal monsters. Once a nor'easter has developed, it typically follows a track along the eastern seaboard, often intensifying over the relatively warm coastal waters.

Two University of Virginia researchers, Robert Davis and Robert Dolan, have been studying these East Coast storms. While the frequency of nor'easters has dropped somewhat in recent years, Davis and Dolan say the number of severe nor'easters has risen.

Seven of the eight most powerful nor'easters in the last 50 years have occurred since 1970.

The nor'easter that hit Philadelphia over 200 years ago has become known as "The Franklin Storm." Ben never saw the lunar eclipse but what he did see that night helped create the science of meteorology.

Mike Lyons is the weather man for WPBF, Channel 25.

"Birthday celebration!"

The children of Douglas Thompson cordially invite you to help us celebrate Dad's "80th" birthday!

Date: Saturday, December 16, 1995
Time: 2 p.m. - 5 p.m.

Where: Community United Methodist Church
401 S.W. 1st Street, Belle Glade
Please bring along your friendship & laughter in lieu of gifts.

November's "Employee of the Month" is a member of our field staff who has almost three years length of service with the Belle Glade office, having joined the Staff Builders organization in April 1993.

This month's "Employee of the Month" has very strong interpersonal communication skills and is well liked by Staff Builder clients and their family members. Additionally, she is highly regarded by her co-workers as well as by the Staff Builders management team.

Dale Smith - Belle Glade's Administrator-on-Site describes this employee as one who "Truly cares about our clients. She is always willing to pitch in and do whatever is required to get the job done. This month's 'Employee of the Month' goes above and beyond the call of duty to ensure that our clients needs are met.

It is my pleasure to announce November's Employee of the Month - Diane Freeman.

Glades Day Glee Club to perform Christmas Concert December 12 & 13

Glades Day School's Junior and Gator Glee Clubs will perform their annual Christmas Concert on Tuesday, Dec. 12 and Wednesday, Dec. 13, at

7:30 p.m. at the Dolly Hand Cultural Arts Center. This year marks the 10th anniversary of the Glee Club. Tickets go on sale for \$1

beginning Monday, Dec. 4 in the Glee Club room at Glades Day School. For more information, call the school at 996-6769.

Belle Glade Police Department's arrest blotter

The Belle Glade Police Department investigated 633 complaints the week of Nov. 20 through Nov. 26 and handled 20 crime scenes.

Those arrested included:

November 20 - Anna Harper, 26, aggravated assault, carrying a concealed firearm and possession of cocaine; **Juvenile, 17**, escape from residential detention; **Peter Sayre, 19**, failure to appear; **Juvenile, 15**, burglary and petty theft; **Dorothy Sims, 20**, battery.

November 21 - Albert Porter, 29, grand theft auto; **Sergio Guzman, 36**, stalking; **Timothy Wright, 42**, burglary; **Willie McCreary, 58**, burglary; **Deborah Harold, 29**, failure to appear.

November 22 - Jerome Rollins, 35, attempted burglary and trespassing on school property.

November 23 - Chauella Pittman, 18, domestic battery; **Fernando Mojica, 35**, disorderly intoxication.

November 24 - Clarence Simmons, Jr., 49, domestic battery; **Lucas Marlines, 18**, opposing and obstructing justice; **Darius King, 28**, three counts of battery on a law enforcement officer, battery, opposing with violence, disorderly conduct and criminal mischief.

November 25 - Charles Bailey, 26, strong arm robbery, felony retail theft and resisting

arrest without violence; **Caesar Silva, 24**, driving under the influence and failure to appear.

November 26 - Jose Vurela, 20, petty theft; **Queeno Torres, 21**, lewd acts on persons under the age of 16; **Ronnie Henderson, 45**, violation of probation.

The police news in this newspaper lists arrests, not convictions, unless otherwise stated.

Arrested persons who later are found not guilty or have had the charges against them dropped are welcome to let us know. We will confirm the information and print it.

Pahokee Police Department's arrest blotter

The Pahokee Police Department made nine arrests the week of Nov. 19 through Nov. 25. Those arrested included:

November 19 - No arrests made.

November 20 - No arrests made.

November 21 - Anthony Seay, 36, Pahokee, domestic battery; **Derrick Fudge, 61**, Pahokee, aggravated battery; **Lillie Knight, 37**, Pahokee,

aggravated battery.

November 22 - No arrests made.

November 23 - Eugene Walker, 46, Pahokee, attempted first degree murder.

District

As for its potential use in the much larger Lake Okeechobee, sediment dredging may only be feasible for the removal of small "hot spots" of phosphorus.

Discussions also focused on the similarities faced by the District and the Japanese government in dealing with public involvement in managing environmental resources.

Traditionally, the Japanese government has not sought public input and participation in public works projects to the degree that the U.S. has. But with plans for the construction of an additional 300 dams to augment flood control and water supply, some Japanese environmentalists are questioning the need for these projects. A number of collaborative agreements and future activities resulted from the conference.

The District will be providing information to the International Lake Environment Committee which is developing an electronic database on lakes of the world.

The District will provide pictures of Lake Okeechobee and text for display in a "Lakes of the World" exhibit at the newly constructed Lake Biwa Museum in Otsu, Japan.

Doctors Aumen and Havens will work with the Japanese and Chinese researchers to prepare a series of research papers concerning various aspects of the three lakes under discussion.

One or more international experts on shallow lakes may work for short periods of time at the District, with their salary and travel paid by their governments.

The District will be receiving independent estimates as to how long it takes for shallow lakes to recover when their external nutrient loads have been reduced.

This will provide an opportunity for the District to compare its research on Lake Okeechobee recovery with other estimates.

Correction

In the 16, 1995 edition of *The Sun*, in a photograph of Gran Maw's Place in Pahokee, Evelyn Norwood was incorrectly identified as a store employee. Mrs. Norwood is not an employee of the business, but is the mother of store owner Linda Raineri.

Traffic light woes

"Who's ever in charge of the traffic light in Belle Glade needs to get up at 4:30 or 5 a.m. and go to work and see how they operate.

Somebody needs to do something about the red light. And don't say 'learn how to drive'. Fix the red light!"

Can someone help them?

"About a year ago the city did a good thing and cleaned out the canal along Airport Road.

It was looking really nice. But it seems to me that something could be done about two or three people who think it's a garbage dump. There's a couple of houses along there where the people come out every day and stack their garbage right out there by the ditch and then

somebody comes along and kicks it in the canal for us.

Looks like there would be someplace they could put it besides in the canal. I wonder if anything can be done about it?"

Display puts them in the holiday spirit

"I don't know exactly who is responsible for the nice display in front of the Belle Glade Library each year, but I just want to tell whoever that I enjoy the decorated trees and other Christmas displays.

I think it's great that someone, the library staff or the city, goes to this trouble to help us ring in the Christmas season. I just wanted to say 'thank you'!"

Flu season can be dangerous for some people

The flu season is just around the corner. One of the most underrated diseases, influenza affects almost everyone at one time or another.

While most cases are not severe, influenza can be very serious for people with respiratory ailments or compromised immune systems.

The flu is especially hard on organ transplant recipients and AIDS patients, senior citizens,

and adults and children undergoing chemotherapy.

Immunization is an easy process, a simple shot. Influenza shots are available through the local Palm Beach County Health Department or through your local physician and the cost is low. In some cases, the shot is free for those who qualify at the local health department.

"Our immune systems weak-

en as a natural course of aging, so people over 65 are not only at higher risk of catching the flu, they're at risk of developing pneumonia and other serious complications as a result of a bout with the flu," said Dr. Robert Webster of St. Jude Children's Research Hospital in Memphis, Tenn.

Call the local health department at 996-1600 to set up an appointment for a flu shot.

Letter to the editor

Dear Editor:

Over the past month, several Florida newspapers have carried stories or "Op-Ed" pieces outlining concerns with the National Voter Registration Act. More commonly known as "motor voter," this law was intended to increase voter participation by eliminating the barriers in registering to vote.

As Florida's chief election officer, I am pleased to report that the law has been very successful in that regard. We have added over 900,000 new voters to the rolls since January, 1995. Florida's 67 supervisors of elections and other state agencies have done a fantastic job of implementing a monumental federal mandate.

While I support the concept and continuance of the NVRA, the Florida legislature must take action during the 1996 session to correct several deficiencies in this law.

Recent accounts of weaknesses in the law which may lead to ineligible citizens registering to vote are all too accurate. Registration by mail, the lack of a unique identifier, no required witness to signatures and supervisors' inability

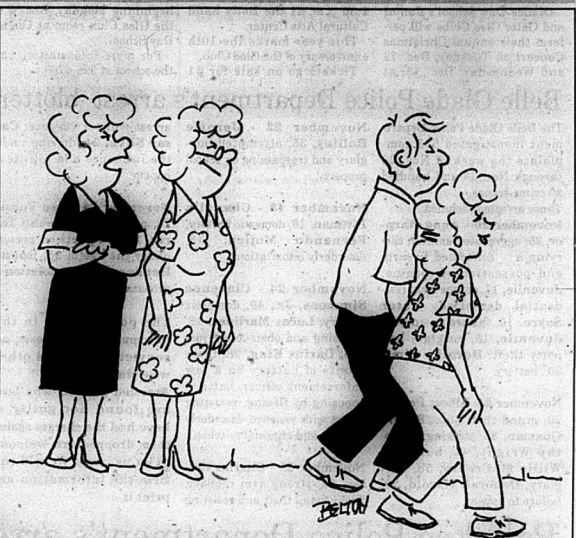

to require proof without suspicion of fraud are the most obvious areas in need of reform. With the public's confidence in government already at an all time low, we must do everything possible to keep confidence in our elections system intact.

As Secretary of State, I share the collective concern of Florida's Supervisors of Elections regarding these problems. Nobody is more concerned with preserving the integrity of the elections process than we are. However, the authority to change this law rests in the legislature. The voters of Florida must act now to contact their legislators to encourage them to take action during the 1996 Session to correct the problems in this law.

Motor Voter has many good qualities which we must keep intact, however, the law does need to be improved.

Sincerely,

Sandra B. Motham
Secretary of State

"SHE ONLY KNEW HER HUSBAND TWO MONTHS BEFORE SHE MARRIED HIM... I'VE BEEN MARRIED THIRTY YEARS AND STILL DON'T KNOW MY HUSBAND."

Guest Commentary

Mary Kannel
Client Services Coordinator
for the Comprehensive
AIDS Program

December 1 is World AIDS Awareness Day. That name may no longer be fairly descriptive given that almost every family in our community has had some experience with AIDS.

Perhaps it's time to stop working on general information and begin to direct our attention towards attitude adjustment.

Ask yourself, "Who do I think gets HIV/AIDS?" "What is my opinion of someone who has AIDS?" "Do I assume most peo-

Almost every family in our community has some experience with AIDS

ple with AIDS to be part of a particular group in society?" Or, "If I am HIV positive what is my attitude towards the person I got it from?" "Who do I blame?" "Do I have a responsibility to anyone other than myself?"

The answer to any of these questions is an indicator of your attitude regarding HIV/AIDS and that attitude is a reflection of your opinion of yourself and your place in the community.

Most of us are predisposed to particular attitudes and positions based on our experiences and our upbringing. When something new happens to or with us, we try to make it fit with what we already know. AIDS doesn't fit.

Most of us as adults and unfortunately too often our children participate in behav-

iors that can be risky.

The operative words here are "us" and "we" not "them" and "their".

If most families have had an AIDS experience then we should consider HIV/AIDS in the context of the family.

Now ask yourself, "When someone in my family is hurting, do I push them away or embrace them?" "If I know my behavior puts my family at risk do I continue or do I change?" and "If HIV/AIDS is a fact in my family, how does that change my perception of other families?"

Given the above, now is the time for introspection. Look at yourself and do an inventory of your own attitudes and perceptions and decide for yourself if that is who you really want to be.

Memorial Walk set for December 7

An AIDS Candlelight Vigil, is planned for Thursday, Dec. 7. There will be a Memorial Walk from Mt. Zion A.M.E. Church at 5:30 p.m. to Palm Beach Community College.

A memorial service will take place by the lake

in front of the Dolly Hand Cultural Arts Center at 8:30 p.m.

Members of the community who wish to participate are invited to attend.

Editors note: The POLICE NEWS in this newspaper lists arrests, not convictions, unless otherwise stated. Arrested persons who later are found not guilty or have had the charges against them dropped are welcome to let us know. We will confirm the information and print corrections.

Crime Stoppers

Crime Stoppers of Palm Beach County, Inc. is asking for your help in locating Pamela Marie Hudson.

She is wanted for violation of probation on charges of dealing in stolen property, grand theft and violation of probation on charges of public assistance fraud.

Hudson also goes by the names Pamela Ross and Theresa Williams. She is 5'8" tall and weighs 140 pounds.

She has black hair and brown eyes. She is missing her front teeth and wears wigs.

Her Social Security num-

ber is 196-44-6327 and her last known address is unknown. Her birth date is listed as Jan. 23, 1954.

Her last occupation was as a cook. Her warrant was active as of November 21, 1995.

If you know the whereabouts of Hudson, or anyone involved in a serious crime, call Crime Stoppers, 1-800-458-8477.

You do not have to give your name. Remain anonymous and receive a cash reward if your tip leads to an arrest or recovery of stolen property.

Pamela Marie Hudson

A PLEDGE TO OUR READERS

We pledge...

- To operate this newspaper as a public trust.
- To help our community become a better place to live and work, through our dedication to conscientious journalism.
- To provide the information citizens need to make their own decisions about public issues.
- To report the news with honesty, accuracy, purposeful neutrality, fairness, objectivity, fearlessness and compassion.
- To use our opinion pages to facilitate community debate, not to dominate it with our own opinions.
- To correct our errors, and to give each correction the prominence it deserves.
- To provide a right to reply to those about whom we write.
- To treat people with courtesy, respect and compassion.

By Sulma Medina

The first nine weeks has come to an end, and this year we have more students on the Honor Roll than before, not to mention the record number of seniors on the list! In this article we'll be giving recognition to all of those Pahokee High students who made the honor roll. Congratulations go out to everyone who was able to meet the challenges offered at Pahokee High and excel.

We'll begin by honoring those students who received a perfect GPA of a 4.0 and made it to the Principal's Honor Roll.

Principal's Honor Roll:

Grade 12

Michelle Harris
Timothy Parker
Maryuri Rojas

Grade 11

Terrence Moore

Grade 10

George Perez
Jacob Savage

Grade 9

Robert Morris
Donald Smith

Grade 8

Alishia Jennings
Liliane Paniagua
Nancy Perez
Louie Rocha

Now for those students who achieved the status of an A & B, and one C Honor Roll. We'll begin by honoring those fantastic seniors. This year HALF of the senior class made it on the list! So get strapped this list is long!

Grade 12

Guillermina Baltazar
Jacaranda Banks
Gerald Banks
Tanzanika Brown
Margaret Clay
Farrah Brown
Lamar Cooper

Safety Patrol car wash!...

Pictured above are Terri Peete (front), (second row, left to right) Shakra Peete, Ranetta Burden, Lataasha Johnson, Lamarcus Williams, Jessica Rodriguez, Lamarcus Burden, and Travis Kelting, (third row, left to right) Monica Herrera, Magda Olguin, Anthony Butler, and Jason Kline, (fourth row, 1-7) Rose Burden, George Joseph, Cherrita Smith, Markita Ford, Dominique Johnson, Antionette Cole, Derrick Betha, Willena Russell, and Chartavis Davis, (back row, 1-7) (Sponsor) Jennifer Adams, Joshua Kelting, (Sponsor) Alessa Jahn, and Andre Johnson.

The Rosenwald Safety Patrol group raised approximately \$300 at this car wash held Sat., Nov. 18.

Rosenwald has several students who want to go to Washington, D.C., but cannot afford it. Anyone who is interested in making a donation, it would be greatly appreciated. The deadline for Rosenwald's trip money is Wed., Dec. 6. Make checks payable to Rosenwald Elementary.

Another car wash is scheduled for Sat., Dec. 2 at Tanner Park. Please come by!

Kids! Who do you think deserves a Christmas present?

Kids, Do you have fantastic parents whom you think deserves a really nice Christmas present? Do you have a very special friend who may not be getting a gift this year? Are you aware of a family who needs a complete Christmas dinner with

all of the trimmings?

Write a letter explaining why you believe your parents, a special friend or a deserving family should be the recipient of a gift or a complete dinner and drop the letter by Video Movies in downtown Pahokee.

The letter should be written in your own words and include your name and a telephone number. We would also like to know the name(s) of the nominees.

Ten gifts will be donated by Eddie Honeycutt of Video Movies in each of the three different categories. Deadline for nominations is Dec. 16. Recipients must live in the Pahokee-Caifal Point area.

For additional information contact either the Chamber of Commerce (924-5579) or Video Movies (924-7620).

The search is on for Mrs. Belle Glade

Mrs. Florida International officials are looking for the next Mrs. Belle Glade. The woman selected will receive her title and banner and will have the opportunity to represent Belle Glade at the 1996 Mrs. Florida International Pageant, which will be held in Orlando on May 9, 10 and 11. Married women between the ages of 24 and 56 who have been married for a minimum of two years by August 1, 1996 qualify to compete for the

title.

The Mrs. Florida International Pageant is an official preliminary of the Mrs. International Pageant, a system which recognizes the virtues of professional, family and community involvement among married women.

"Contestants compete in three categories," said President John Lugo. "Fifty percent of the score is given in the interview category. Twenty five percent is awarded in the

physical fitness category and twenty five percent is awarded in the evening gown category. Contestants wear aerobic wear for the physical fitness competition and there is no swimsuit competition in our pageant."

To receive an application for the Mrs. Belle Glade Competition, call the state office at 407-837-2669, or write to Mrs. Florida Pageant, at P.O. Box 1080, Loxahatchee, Florida, 33470.

Discount S. Florida Fair tickets available through the schools

The South Florida Fair has a money saving proposition for parents. Once again the Fair is teaming up with educators in Palm Beach, Martin, and Okeechobee Counties for the implementation of the Partners In Education (PIE) program. It gives an opportunity for the purchase of discount Fair tickets for students, their families and friends at a substantial savings.

Starting the first week in December, students will bring home the PIE brochure and ticket order form for an assortment of Fair tickets. Students do NOT go door to door, collect money or carry bulky supplies. All ticket orders are sent directly to the Fairgrounds and mailed back directly to the person placing the order. In return, the participating school or organization receives a 10% commission for the ticket sales.

For the third year, WFTV NewsChannel 5 will lend its support by airing specially created television announcements and a short video that will be shown in the schools.

Partners In Education was designed to raise awareness of the Fair's educational qualities as well as an innovative approach for participating schools to raise extra curricular dol-

lars that can be used for new team uniforms, Project Graduation, band travel, etc.

"It's a win-win for all of us - the schools, pupils and the Fair," said Brantley "Buck" Christian, Executive Director.

Boca Middle School has the distinction of practically going from worst to first. Two years ago its commission was \$11 and for the last two years it took top honors by earning over \$600 in 1994 and over \$1100 last year!

"This is an easy and safe way for school organizations to raise some extra curricular dollars. The Fairground keeps track of the schools' incoming orders and sends a commission check in February," said David J. Carson, Advance Ticket Coordinator.

The South Florida Fair is held in West Palm Beach from Friday, Jan. 12 through Sunday, Jan. 28, 1996. As in the past, free school field trips will be available that will include the Oceans Expo exhibits including a Chevron's 300 ton sand sculpture, the Navy Diving Team and Fidelity Federals Atocha, and the sunken treasures of Mel Fisher.

For more information about the PIE program please call David Carson at 407-793-0333.

Local veterinarian attends conference

Clarence Kidder, a veterinarian with Kidder Animal Hospital in Belle Glade, recently attended the 88th Annual Conference for Veterinarians at Auburn University's College of

Veterinary Medicine.

Mr. Kidder, a 1950 graduate of the AU program, earned 21 hours of continuing professional education credit during the three-day event.

The AU Annual Conference

is the largest veterinary meeting hosted by a veterinary college and is one of the nation's oldest. More than 1,000 veterinarians attended this year's conference, Auburn's largest ever.

Club selling pecans

Members of the Belle Glade Garden Club are selling pecans again this year. To order, call Natalesh Nachman at 996-5303.

Peppi Head Start now accepting children

Lutheran Ministries of Florida, Peppi Head Start is accepting children ages three and four into its program.

All are welcome, including children with disabilities and there are no fees. The center is located at 200 S.W. Ninth Street, Belle Glade.

For more information, call 996-1716.

Open house at EREC

The Everglades Research and Education Center will host an open house on Dec. 7, from 8 a.m. to 1 p.m. at their offices located two miles east of Belle Glade on State Road 880.

Attendees can sign in and enjoy coffee and donuts from 8 to 8:30 a.m. and a program will be given from 8:30 to 10 a.m. From 10 a.m. to noon a tour will be given of the lab and also a field tour. Lunch will be offered from noon to 1 p.m., compliments of the Florida Sugar Cane League and after lunch, participants can see the fairs and agricultural displays in the laboratory.

To participate and sign up for the day, contact Chris at 996-1655 by Dec. 1.

Christmas Parade

The Pahokee Chamber of Commerce is gearing up for its 10th Annual Christmas Parade.

The parade is scheduled for Monday, Dec. 4, at 7 p.m. Contact the chamber at 924-5579 for more information or to get an entry form.

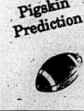

Clothing Closet open

A clothing closet has been opened at First Baptist Church in Belle Glade for all in need.

The free clothing is available on Tuesdays and Thursdays from 3 to 5 p.m. The church is located at 17 N.W. Avenue B, Belle Glade.

Kelly P. Autrey and Bobby J. Bailey of Glade & Grove Supply in Belle Glade attended a training session like this on Magnum tractor hydraulic and electrical servicing, held recently at the Case Corporation Training Center in Memphis, Tenn. Autrey and Bailey are among 3,000 Case IH and Case dealer service personnel from across North America attending similar sessions this year.

Locals of Glade and Grove Supply complete tractor training program

Kelly P. Autrey and Bobby J. Bailey of Glade and Grove Supply in Belle Glade recently completed a one-week training program on servicing Case IH Magnum tractors.

The program is one of 23 different courses of technical study offered throughout the year for Case IH and Case service personnel at three dedicated training centers in North America. This year, nearly 3,000 people will complete one or more of the week-long technical sessions, which combine hands-on and classroom training to make sure dealership technicians are familiar with the latest methods for fast, accurate diagnostics and service.

Magnum Hydraulic/Electrical Systems, the session Autrey and Bailey attended at the Case Corporation Service Training Center in Memphis, Tenn., includes a detailed explanation of components, settings and calibrations, and troubleshooting recommendations for the hydraulic, electronic high control and electrical systems on the tractors.

"We recognize a customer's need for total product support," said Arnie Oelkers, Case Corporation manager, North American service training. "Our training program helps Case IH dealers provide the best service possible in terms of technical proficiency and professionalism." Toward that

end, Mr. Oelkers noted that skill-level profiles are developed at the start of each training session to determine the current level of technical product knowledge for every attendee. Among other things, the skill-level profile provides an evaluation of the technician's improvement and an opportunity for feedback to the dealership.

"Skill-level profiles show students' progress and instill pride and confidence in the work they perform at the dealership," said Mr. Oelkers. "Our ultimate goal, of course, is improved customer service and product support. So far the results are very positive."

Distinguished Men of the Glades Award Banquet, Dec. 9

Mu Rho Omega Chapter of Alpha Kappa Alpha Sorority, Inc. presents twenty six (26) Distinguished Men of the Glades with a program and banquet in their honor, to be held Saturday, Dec. 9, 1995 at the Belle Glade Municipal Civic Center, Belle Glade, FL. This is a scholarship benefit for Glades Area Students. For ticket information contact Luwanner Cross, 996-3571 anytime after 5 p.m.

Thank you,
J. Bass, Chairperson

Chamber of Commerce mixer, Dec. 7

The Belle Glade and Pahokee Chamber of Commerce are sponsoring a Christmas mixer card exchange.

The event will be Thursday, Dec. 7 at 5 - 6:30 p.m. at the 1st Community Bank in 5579.

For more information, call the Belle Glade Chamber of Commerce at 996-2745 or Pahokee Chamber of Commerce at 924-5579.

The course of every intellectual, if he pursues his journey long and unflinchingly enough, ends in the obvious, from which the non-intellectuals have never stirred.

—Aldous Huxley

Glades Day School's 1995 Volleyball awards ceremony, Nov. 14 in Tripp Hall

Senior Denelda King was named Most Valuable Player (MVP) for the varsity volleyball team at Glades Day School's annual volleyball awards program held Nov. 14 in Tripp Hall.

"Denelda's leadership and net play helped us to play aggressively," said head coach Rita Schoenfeld. "As the #1 setter, she touched the ball on almost every play. She was also an excellent blocker."

Coach Schoenfeld also awarded trophies to senior Fida Musallet as Outstanding Defensive Player and to sophomore Alicia Schaper, who was named Outstanding Offensive Player.

"Alicia was our player to go to this year," praised Coach Schoenfeld. "She hit both from the front row and the back row, which

allowed us to use a wider variety of offensive plays."

"Fida was a great back row player and an aggressive blocker," she added. "She and Denelda made a good blocking team."

Coach Schoenfeld also awarded MVP trophies to JV players Courtney Braddock and Ashley Cunningham and a Most Improved Player award to Michelle Herring.

"Courtney and Ashley both had outstanding years," said Coach Schoenfeld. "Each one did very well in her position. We couldn't have been as successful without either one of them. And Michelle just consistently improved in all areas of play throughout the season."

Eighth grader Melissa Miller received

the Outstanding Junior High Player award from Coach Karen Hansford, who cited her volleyball skills and dedication to improving her play.

"Melissa was a very aggressive player this year," said Coach Hansford. "She was constantly working on her skills, especially her spiking. She had nine kills in the season, which is pretty good for a junior high player. She was a tremendous boost to the team."

Brittany Meeks, also an eighth grader, was named Most Improved Player for the Junior High team.

"Brittany started out the season as our #3 setter," said Coach Hansford. "But she quickly improved and soon became our strongest server as well as coming through with some good passing and setting."

Eighth graders Brittany Meeks was named Most Improved Player and Melissa Miller was Outstanding Player for Glades Day School's Junior High Volleyball team at the volleyball awards program on Nov. 14.

Sophomores Courtney Braddock and Ashley Cunningham were named Co-MVP's for Glades Day School's JV volleyball team at the volleyball awards program on Nov. 14.

Sophomore Michelle Herring received the Most Improved Player award for Glades Day School's JV volleyball team. With her brother Blake Herring who also served as manager for the JV and varsity volleyball teams.

Taking care of business!... Glades Day Gators cheerleaders wanted the world to know that they had something to do Nov. 24!

Looks like all Gators were taking care of business this weekend! (35-24, 28-0)

Gator fans everywhere had reason to celebrate this weekend!

The University of Florida Gators ate some Seminoles for dinner in their Nov. 25 rival game against Florida State University. The ending score being 35-24, Gators on top!

In Belle Glade, Nov. 24, the Glades Day Gators also had some business to tend to.

The end score of the Gators vs. Orlando-Lake Highlands game proved that the Glades Day Gators were a little hungry too. The final score was 28-0, Gators on top!

This Class 2A quarterfinal playoff game at Holloway Field made a path for the Gators (No. 3, 11-1) to possibly grasp a state championship.

On the Gators first possession, the Gators drove 72 yards on 10 plays. Lee Sweet had a 15 yard touchdown in the first quarter and Farris Shatara had a 48

yard reception from Jackie Garrett.

Stacey Cox also had a 1 yard touchdown run.

Brad Seider had a 3 yard touchdown for a 14-0 lead in the second quarter.

The defense constantly pressured the Lake Highlands quarterback with only four to five boys in the front.

Patrick Altman, Michael Hollon, Justin Caswell and Kole Giese only allowed Lake Highlands quarterback, Hoffman, to complete 7 of 25 passes for 70 yards during the night.

Farris Shatara, Michael Hollon and Heath Norman had an interception each.

Jackie Garrett completed 7 of 13 passes for 180 yards, including a 73-yard touch-

down to Heath Norman.

The state semi-final game will be held Dec. 1, in Belle Glade at 7:30 p.m.

The Glades Day Gators will host Miami Westminster Christian.

"We are excited we are in the semifinals. This will be a big game for us against Miami Westminster's Warriors. They are ranked #1 in the state and are undefeated.

We are glad that it is a home game. The team is healthy and the boys are up for this game. We need a big supporting crowd," said Gator's Head Coach Mandy Perez.

"We don't plan to do anything different, the things we're doing seem to be working."

1995 Lou Groza local award finalists named

Palm Beach County Sports Commission is pleased to announce the three finalists for the local awards portion of the Lou Groza Collegiate Place-Kicker Award for the categories of Player of the Year, Kicker of the Year, and Coach of the Year in Palm Beach County. The finalists were selected by the head coaches of all local high schools.

The voter's ballots for the winner are due Friday, Dec. 1, and the winners of the awards will be announced at the annual banquet Dec. 7 at the Palm beach Gardens Marriott Hotel. The Palm Beach County Sports Commission will also present a \$500 donation to the winners' Athletic Departments.

In conjunction with the local awards, the Lou Groza Collegiate Place-Kicker Award recognizes the most outstanding kicker in Division I-A college football as chosen by a voting panel comprised of sportswriters, sportscasters, conference commissioners, professional athletes, and previous recipients.

Franco Harris, Hall of Fame running back for the Pittsburgh Steelers and member of 4 Super Bowl winning teams, will be the guest speaker at the event along with special guest Lou "The Toe" Groza.

The Award is named after Cleveland Browns Hall-Of-Fame kicker, Lou Groza, who

earned the nickname "The Toe" during his playing career. Groza, who started his career as an outstanding offensive lineman, is considered to be the man who changed place-kicking from a part-time to a full-time position.

A silent auction, the evening of the banquet, to benefit the Palm Beach County Sports Commission's Youth Sports Programs will also be held. Tickets for the banquet are \$50 for members, \$60 for non-members, and \$35 for students (18 and under). Corporate tables may also be purchased at \$500 for members and \$600 for non-members.

The Lou Groza Collegiate Place-Kicker Award was founded and produced by the Palm Beach County Sports Commission in 1992. For more information call the Palm Beach County Sports Commission Office at (407) 233-1019.

Last Years Lou Groza local award winners were:

- Outstanding Coach: Jay Minton, Boca Raton.
- Outstanding Player: Johnny Rutledge, Glades Central.
- Outstanding Kicker: Brandon Kornblum, Boca Raton.

These finalists are:

Outstanding Player in Palm Beach County:

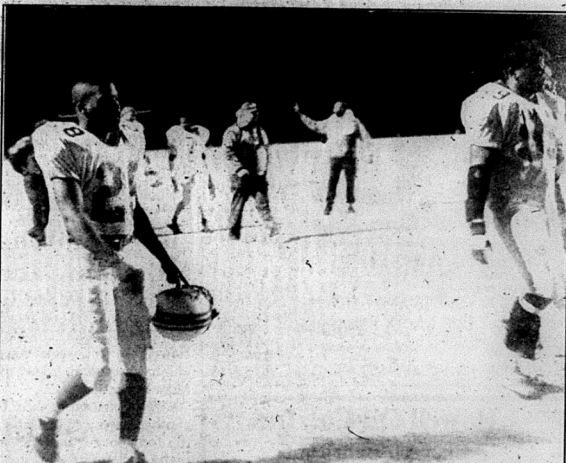

- LaFann Williams
- Marshall Edwards
- Gari Scott

Outstanding Kicker in Palm Beach County:

- Ryan Romano
- Garrett Fowler
- Anthony Newman

Outstanding Coach in Palm Beach County:

- Milton Watson
- Mandy Perez
- Sam Budnyk

Leaving the field!... Pictured above are #28 Lenwood Johnson and several other Pahokee players after the Pahokee Blue Devils 35-27 struggle against LaBelle Nov. 24.

Fumbles cost Pahokee regional win

By Robbie Everett.

The Pahokee Blue Devils' bid for the regional title ended last Friday night in LaBelle against the #2 state ranked Cowboys.

The game, Nov. 24, started out as a shootout between the two teams. Each team answered the others score with a score.

LaFann Williams ended his senior season with 14 carries, 131 yards rushing. He had a 42 yard touchdown late in the

second quarter. His total for the season exceeds 1500 yards and more than 20 touchdowns.

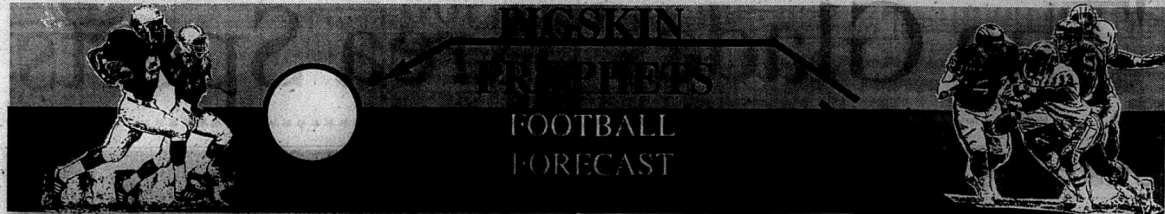

Pahokee's Lenwood Johnson had the first touchdown for Pahokee to tie the game 7-7 when he returned a kickoff for 97 yards. Kicker Victor Rodriguez added the extra point.

Michael Hall ended a Pahokee drive of 71 yards with a 4 yard run to tie the game the second time 14-14.

LaBelle went ahead 24-21

with a field goal at the end of the first half. The rest of the game was a defensive battle with Pahokee missing out on a goal line stance, three fumbles including one strip of the ball after quarterback Anquan Boldin thought that he had crossed the goal line for a touchdown.

The Pahokee Blue Devils should be congratulated on a great season and look forward to many players returning next year.

Tie is broken between Lake Hardware and Bernie Little
There were some tough choices for our players this week and several moved up in the standings with some good picks. Check out Warren Howell with Howell Oil this week! Warren had eight correct picks and has moved up to just five points behind the leader, Mike Burkett.
Mike is pleased he is in the lead, but notes that the gap has narrowed and he's unsure if he can remain in the top spot for long. "Some of the others are doing really well, and Earl is just one point behind me now!" said Mike.
Big "A" Vereen with Glades Ford is pushing to the front line with 96 correct picks and Hattie Bennett with Barnett Bank has an impressive score of 95 wins. Not far behind is Vera Robinson with The Paint Store.
The mighty Pahokee Blue Devils were pushed out of the running for a state championship with their loss to the LaBelle Cowboys this week.
We echo Glades Day School employee Karen Hansford's comments when she said. "It's too bad. I wish all three teams were going to state."
The Gators are still in the running for the title and enthusiasm is high at Glades Day School. It will be tense for the next two weeks!
Good luck to all our players and remember...It ain't over till the fat lady sings!

Walt Reynolds

I hope everyone had a very Happy Thanksgiving. We certainly did and we now have a few extra pounds to show for it.

We are having some very comfortable weather to get out and enjoy the lake, though the fronts have made the fish a little tough to find. Some days bass are less aggressive than

Fishing with B.A.S.S. Pro. Walt Reynolds

others. They will bite, but the strikes will be short and most of the time you will not connect. When this occurs, I like to drop down to a small hook, about a #1 worm hook and cut the size of my plastic worm in half. Going to a 4 inch worm allows me much more opportunity to hook the short striker. This is a good clear water trick also.

To find some clean water on the lake right now is some days a little kind. The better water this week was inside Kramer Island, Moonshine and Monkey Box areas and also the Harney Pond area in Fisheating Bay. If the wind is blowing

briskly in spinner bait, such as in Lake Hurricane III, will work and in the open water, a Rattle Trap is working well.

When the wind is light a plastic worm or lizard will work as well as flipping a crawdad or lizard in the heavy cover.

Mike Balon of Belle Glade, John McClain and myself will be on Lake Lanier, Georgia, north of Atlanta, for the Bass-Masters Invitational this week.

Have a great week and enjoy the world's most popular sport of fishing.

To all a good bite,
Walt Reynolds
B.A.S.S. Touring Pro.

Hunter education course offered

Would you like to learn more about the outdoors? How to survive in the wilderness? The best way to conserve Mother Nature? Then sign up for the Florida Game and Fresh Water Fish Commission's hunter education course, where you'll get tips on those subjects and more.

The free course began as a way to improve firearms safety among hunters, but as many non-hunters will now tell you, it's grown to much more. Topics include wildlife conservation, wildlife identification and wilderness survival, along with other outdoor skills.

In Florida, this course is mandatory for

hunters born on or after June 1, 1975.

The course includes a minimum of 12 hours of classroom instruction and the actual firing of a firearm.

Pre-registration is required by calling the Florida Game and Fresh Water Fish Commission at (407) 640-6100.

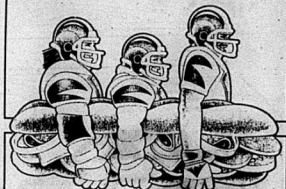

COURSE INFORMATION:

Location: Everglades Youth Camp Corbett Wildlife Management Area (west of Palm Beach Gardens); Dates: December 2 & 3; Times: 8 a.m. to 6 p.m.; (Attendance required at all dates and times above to complete course.)
